Board of Management update:

We hope everyone has had a good start to 2020 after an enjoyable Christmas Break.

The Board of Management met early in January to earmark matters for immediate budget consideration. We aim to get both the Movie night and Bus trip planning finalized and expect details of these to be available in the near future.

Plans for the upgrade of the Memorabilia are completed. The project group's application for a Government Grant was successful and we now look to set start dates for installation of new cabinets for the displays, once they have been built. Much work has been undertaken by David Reid and Ven Grollmus to photograph and update records of all items of memorabilia. By mid year we aim to have this work well underway or indeed close to completion.

We've had a quick and busy start to the year with our next four Bunnings dates having been confirmed. We desperately need some volunteers with tow bars on their vehicles to help transport stores to and fro Bunnings. Please contact the secretary if you are able to assist.

We also had two days during the Folk Festival to offer hot food to the community, adding to our fundraising efforts. Thanks to Barry Sherrin and the team for organization of these days.

We will be opening on Saturday during the next two months to offer space as part of the new Community Farmers Market. This will be a trial for 4 weeks to gauge interest. We hope that stall sellers will consider booking a table at the Sub Branch to sell their products.

Flag at Max Harris Reserve

We were disappointed to learn that the Flag at Max Harris Memorial Reserve had gone missing. Thanks to alert individuals who reported the missing flag and Brian Sheppard, for promptly organizing the repair and replacement of the flagpole rope and new Flag, donated by Bridget
